WEDNESDAY CLAIMS BOND-  
ED AT MASONIC

BRIDGEPORT, Oct. 1.—The Wednesday mining claim at Masonic was bonded this week to Dan Smith, the owner and locator, to R. B. Moore for the sum of \$20,000 and for a period of eighteen months. Fifty shifts a month are to be done on the property commencing on the fifteenth of October.

The Wednesday lies across the gulch from the Liberty Pittsburg group and is a very promising property. Development work already done proves it to contain ore of paying value although the surface work has been done.

WORK ON THE TRUE FRIEND  
GROUP IS STARTED

The shaft on the True Friend group at Masonic and will be rushed with all possible speed to the one hundred foot level when drifts and crosscuts will be run. Jos. K. Weir has the contract and will drill it to the bottom. The Masonic Mr. Gold Mining Company who has recently come in to possession of the property has the money in the treasury to rightfully prospect the property and will surely do it. What the operation of this property means for Masonic can be readily seen and duly appreciated by the people of the district. On with the work.

## TALKING POST CARD

An ingenious device is at present all the rage in France, and bids fair to shortly become as popular in England as it is there. It is neither more nor less than a talking post card.

The cards are about three times the thickness of an ordinary post card, and are fitted with phonographic disks. Instead of writing your communication in an ordinary manner you make it orally at the office where you purchase the card. It is recorded. The address is written on the other side, and it is then posted. The recipient places it in an ordinary phonographic machine and hears the voice of his or her friend.

The cost, including taking the record of the voice, the card itself and the postage to any part of France, is half a franc.

## A MAIL MUDDLE

BRIDGEPORT, Oct. 1.—The Post office department has made a ruling that the mail from Wellington shall come through Masonic to this place and return the same way. This would give to Masonic a daily mail. The contractors are up in arms however, and say that the schedule is impossible as the road from Masonic to Sweetwater is impassable for their coaches. The wires are being kept hot to Washington and during the week the mail goes the same old way.

## HERE'S A TIP

YREKA, (Siskiyew Co.) Cal., Oct. 1.—Siskiyew county has lost forty-seven good teachers in the last three years by marriage. As forty of them were women, that number is irretrievably lost to the profession. It is becoming increasingly difficult to get teachers, and some of the districts are not yet supplied.

## REFORMED SPELLING

The gentleman who was relieved of his watch early on Monday morning while assisting a lady to catch a F. B. more street car, should now understand the workings of reformed spelling. Succor was turned into sucker. —S. F. Star.

Will Virgin arrived in this city last evening and will depart again this morning for his home in Genoa.

## MORBID CURIOSITY

SACRAMENTO, Oct. 1.—The body of Adolph Weber was shipped to San Francisco this morning, consigned to B. Cavagnaro, a druggist acting for the relatives of the young murderer. The brain will be removed for analysis, after which the remains will be cremated.

The body reached here Friday in charge of J. G. McDonough, General Overseer at Folsom Prison, and was taken at once to the morgue.

For several hours last night an immense crowd visited the morgue, drawn there by morbid curiosity to gaze upon the youth who had slain all the members of his family.

Men, women, and children stood in line and eagerly waited their turn to view the remains. It is estimated that between four and five thousand people passed in and out of the morgue last night. Many of the women who stood in the crowd carried babies in their arms or wheeled them in carriages, while little children looked at their sides.

## ANOTHER TYPHOON

HONGKONG, Oct. 1.—Another typhoon, less violent than that which lately strayed the harbor with wreck and loss, but more long lasting, struck Hong Kong Saturday night. This morning the sea in the harbor is tremendous. Most of the vessels that crowded the waterway have been driven out to sea by the fury of the tempest. Others, in large numbers, are completely wrecked, having been crushed like egg shells against the piers, where they swung at anchor when the wind rose. Those that still ride on the furious waters are dragging at their anchors, and unless the storm is soon abated they will be lost with the others that succumbed to the first visitation of the wind.

## THE RAILROAD MAN'S MAGAZINE

The Frank A. Munsey company has added another to its list of publications and is issuing its initial number of a monthly magazine bearing the above title. It is editorially stated that most of other professions have publications especially calculated to cater to their special interests except the railroad men, and this is intended to fill that want. It contains original stories of both fact and fiction, bright notes of interest, leads of statistics and plenty of fun. It is interesting to the general public as well as the railroad people.

## QUITE A MODEL

We have a young man residing in our town, if all reports are true, who is wonderfully and fearfully made. The doctor says he has an iron constitution, his friends say he has nerves of steel, his uncle says he has a wooden head, the girls say he has a heart of stone, an enemy says there is more brass about him than anything else, while others declare he has lots of sand and his admirers declare he is "all wool and a yard wide." —Churchill Standard.

## SAME HERE

The extent to which politics are warming up may be accurately gauged by the warmth of one's greeting in certain quarters. These are days when the glad and the long smoke and the short-time between drinks tend to boost the voter's good opinion of himself—not of the candidate. —S. F. Star.

## DINING ROOM CLOSED

The dining room at Shaw's Springs has been closed to the public until further notice as it is impossible to accommodate outside guests until the new building is completed. Baths may be secured as before. —OIT

SERVICE OF PRAISE AND  
SONG

Yesterday afternoon at the state prison the exercises were of a varied and interesting character. The fifth Sunday in each month is devoted to the Christian Endeavor society and the program presented by them yesterday was enjoyed by all.

In the dining room, which serves as a chapel in lieu of a better place, E. S. Kendrick led the services and addressed a few appropriate remarks to the boys. Sylvester Ages, also an inmate of the penitentiary, sang "I've a Longing in my Heart for You, Jesus," and as Mr. Ages has a remarkably good voice, his singing was certainly appreciated and he was obliged to sing again. The mandolin and guitar duo by Messrs. Spencer and Ages was a gem and they were also urged to give another selection which they obligingly did.

Mrs. Nellie Monroe, the only woman inmate at the place, recited "Guilty or Not Guilty" in a most of festive manner, but declined to recite again until some future time.

Among the numbers given by the Society were solos by Miss Georgia Logan, Mrs. Albert Jackson, Miss Annie Newman, Miss Katherine McGree, Miss Helen Hoskins, Mrs. W. W. Bonner and little Margaret McGree. Mrs. E. S. Christian had charge of the program.

## AUGUST COINAGE

SAN FRANCISCO, Oct. 1.—Following is the coinage of the United States mint here during the month of August: \$9,400,000 in double eagles and \$22,000 in dimes.

Miss Clara Wardle of Virginia City was the guest yesterday of her sister, Miss Louise Wardle, bookkeeper at the Gray, Red Wright store. She returned to her home on the local.

## PIONEER MAIDEN LADY DEAD

Last evening Miss Harriet Wingate died at the residence of her sister, Mrs. Deborah Cobb, in the southern part of town. Miss Wingate has been an invalid for a number of years but had gradually been growing worse for the last three months. She was born in Milton, Massachusetts, March 26, 1818, and was therefore 88 years of age.

Miss Wingate came to this city with her sister in 1875 and has resided here continuously ever since, with the exception of the few years the family spent in Glenbrook. Before her illness she enjoyed life and was never happier than when surrounded by young people, whose gayety and exuberant spirits always amused and delighted her. She resembled a character from a story book and one often wondered what romance was hidden in the chapters of her life story. For she was a romantic old lady, keenly interested in the affairs of the young friends about her and always ready to listen to their troubles as well as their joys. To all these she was known as "Aunt Hattie" and she will ever be affectionately remembered by her friends.

Miss Wingate leaves to mourn her loss a sister, Mrs. Deborah Cobb, a niece, Miss Sadie Paine, and a nephew, Charles Paine, of Sacramento, and a grandnephew, Frank McCallister, Jr., of Hobart Mills. The funeral will take place Wednesday afternoon from the Cobb residence.

D. G. Krummeyer met with a painful accident this morning which will keep him uncomfortable for some time. He is able to be about but is suffering from a severely strained back, caused by lifting too heavy a weight.

## RAILROADS IN PROSPECT

MILWAUKEE, Wis., Oct. 1.—Present directors and officials were re-elected, plans for the Pacific Coast extension were ratified and an increased capital stock was discussed at the annual meeting of the directors of the Chicago, Milwaukee and St. Paul railroad Saturday.

Every director except two was present. E. H. Harriman was not elected a director, as New York dispatches forecasted. The directors were chiefly occupied during their short meeting with hearing reports of the condition of the road, especially of the progress of the great extension work.

## A BELLIGERENT BABE

Henry Skeritt ran away from his family a year after his marriage. That was about 1889, and a few months ago, taking up a local paper in Chicago, the deserter read in the "personal" column:

"If Henry Skeritt" who, twenty-three years ago, deserted his poor wife and babe, will return home, said babe will be glad to knock the stuffing out of him. —Argonaut.

## FUNERAL NOTICE

The funeral of the late Ellen Virgin will take place tomorrow afternoon from the family residence in Genoa. Interment will be in the family plot in the Mountain Home cemetery in Genoa.

## WILL THEY BALANCE?

The good and bad qualities of a man are best advertised when he is a candidate for election.—Fairview News.

## DANCE AT EMPIRE

The young ladies of Empire will give a social dance at Wiggins' Hall October 5th, Friday evening, and all are invited to attend. The Dempsey orchestra will furnish the music. —O

Mr. and Mrs. Harry Baldwin returned this morning from a visit to the Bay.

EQUINOX AND SUN KICKING  
UP A FUSS

GIBRALTAR, Oct. 1.—During a tremendous storm here Saturday, a tidal wave swept over the low country north of the Rock and caused enormous damage.

It is believed that many lives have been lost. Hundreds of houses collapsed, either through the terrific force of the hurricane or through the undermining of foundations by the rush of water.

Trees and cattle were swept into the sea. Everything movable was carried away by the flood. The railways was washed away in sections, in a number of places the track being carried a long distance from its original location.

The full extent of the disaster has not yet been learned.

George Cowing, the painter, is very ill at his home in east Carson City.

Mrs. Marie Rosser arrived from Lake Tahoe Friday evening and is the guest of Mrs. J. L. Wright.

E. J. Steinhilber, wife and daughter, Ruth, returned Friday evening from Lakeside, Lake Tahoe, where they have been visiting the past two weeks.

The financial business of the Harmer company was ahead of that of last year, notwithstanding the fact that there was a smaller percentage of men and boys present than usual owing to the counter attractions at the poolrooms.

If you are interested in politics you should attend the party given by the young ladies of Empire. You may not be successful in obtaining a political office this year, but you may win a charming young lady at that party.

The solo, "The Holy City" by Albert Frye at the Presbyterian church yesterday was greatly enjoyed by all present. Mr. Frye has an excellent voice and it is particularly adapted to such songs as the one rendered.

Mrs. J. E. Shutter of Virginia City is a Carson visitor today.

## STRIKE NORTH OF TONOPAH

RENO, Oct. 1.—Several thousand people are refusing from Tonopah and Goldfield to a big labor strike, eighteen miles north of Tonopah. A big find is reported and great excitement prevails. Mining men are leaving northern Nevada for the big find.

Mayor Murphy of Ramsey is in town these days. He seems to have been captured by the merry go round and takes frequent trips upon it.

The Reno Journal is offering free trips to four young ladies in Nevada and an extra one for the chaperon, making five days in all. The itinerary embraces a trip to Los Angeles, with all expenses paid, and side trips to adjacent watering places.

Mrs. M. O. McPherson is visiting her son, Dr. G. M. McPherson in Fallon.
